Exercise semester 1/2569

Exercise 1 Scope management (WBS) and schedule management (activity list) (5 points)

You will be managing a project to develop an online shopping web site. The features of the web site consist of

1. Store front
    - Registration page
    - Product offering page
    - Checkout page
2. Admin
    - Login
    - Order management

Create

1. WBS of the project
2. Activity list for work packages in the WBS

Submit your answer in a **pdf file**. Name the file by **your name and student ID**.
